

PRODUCT

SPI-DCS

Decyl Glucoside
Cocamidopropyl Hydroxysultaine
Sodium Lauroyl Sarcosinate

DESCRIPTION

SPI-DCS is a high performance blend made with regulatory friendly components. It was specifically designed with ingredients to meet Whole Foods Markets Premium Body Quality Care Standard. SPI-DCS is a versatile cleaner, used as an excellent base for liquid and foaming hand soaps, shower gels, shampoos, pet care products, and many other surfactant-based cleaners. The blend was formulated without an alkyl sulfate surfactant, is completely DEA-free, and is mostly plant-derived.

Note: Like many sulfate-free blends, SPI-DCS does not thicken with salt, so a polymeric or other personal care thickener is needed to build viscosity.

TYPICAL PROPERTIES

pH, 10%	7-9
Solids, %	45-47
Density, lbs/gal	9.00
Water Solubility	Complete
Physical State	Viscous Liquid
Appearance	Clear to Light Yellow
