Product Information: SPI-ISL

INCI Name: Sodium Isostearoyl Lactylate

Description:

SPI-ISL gives great conditioning effects that range from excellent feeling on skin, hair repair and hair moisturization. It also shows great emulsifying efficiency in surfactant system while providing stable emulsions.

CAS Number: 66988-04-3

EINECS Number: 266-533-8

Chemical Structure:

Specification	Typical Properties
Appearance @ 25°C	Colorless to pale yellow clear viscous liquid
Color (Gardner)	8 Max
Acid Value	60-80 mgKOH/g
Saponification Value	205-225 mgKOH/g

Benefits:

- Conditioning Properties
- Good after use feeling for skin
- Non-toxic and Safe Product
- Strong Emulsifying Properties
- Additional Functionality as Humectant

Shelf Life & Storage:

18 months from date of manufacture when stored at 15°C or higher in original unopened container. Store in a cool, dry place with sealed container.

Useful Recommendations:

When preparing for use, place the container at 60-65°C. When heated, the product will help the liquid flow more easily.
