## Technical Data Sheet SPI-PS37

**INCI:** Potassium Cocoate  
Potassium Tallate

**Applications:** Skin Care  
**Benefits:** Superb Skin Lubricity

**Description:**  
SPI-PS37 is the potassium salt of whole coconut oil and tall oil. It provides satisfactory flash foam and lathering properties, but a greater lubrication ability when compared to SPI-PC40.

SPI-PS37 can be used as a base for natural personal care products, specifically liquid hand soaps. It is also an extremely effective lubricant for conveyer systems, metal working, oil and gas, and many other industrial applications.

<i>Appearance @ 20°C</i>	Clear, Light Amber
<i>Form</i>	Liquid
<i>Odor</i>	Tall Soap-like
<i>Solids, %</i>	36
<i>Free Fatty Acid, %</i>	Nil
<i>Free Alkali, %</i>	<0.5
<i>pH, 1%</i>	10.0
<i>Density, lbs/gal</i>	8.56
